

NEW COVENANT CHRISTIAN MINISTRIES

SERMON NOTES

November 27, 2022

Elder Darrell Whitehead

Another Touch Mark 8:22-26 (NKJV)

In the beginning of Mark, Jesus fed 4,000.

“You have seen what I do but still you act like you don't know Me.” – Elder Darrell Whitehead

You need vision to know who Christ really is

It matters who touches you.

If Jesus touches you something within you will change.

How Do I Get the Touch to See?

Be connected with the right people. Everything you need is in a relationship. You need friends who are willing to be an enemy to your weakness.

- Stay away from people that see you suffering but don't help or will keep you down. Find people that share what they have with you and how they got there.
- Find faithful friends
- Find friends who will pray for you without you asking them to. They will go into intercession for you.

Be Patient With the Process.

- Trust the process
- Separate yourself from certain people.
- Disconnect from people who love you so you can hear God.
- Sometimes we love too much and block the blessing of the person we love.
- Don't treat people like objects.
- Stay out of places that decrease your value.
- Transformation is in your walk.
