Alright, I'll Handle It 1 Samuel 17:20-26; 28; 31-32

Empower – the delegation of power.

Being empowered means you are being powered **by** something.

“God is a powerful God.” – Pastor Kenneth Bryant

There are levels to God’s power that He wants us to experience. Some levels will require us to step up.

David had a different perspective on his ability to interact with Goliath.

Your “truth” is not “the truth.”

Eliab thought that going out and coming back daily without fighting was normal.

“If it doesn’t line up with God’s word, it is not the truth.” – Pastor Kenneth Bryant

David stepped up into God’s power. David was NEVER afraid. He was always confident that he could conquer Goliath.

David’s relationship with God was the source of his power. David used the name of the Lord to fight his battle against Goliath.

You are not fighting your battle by yourself!
