God Said It, That Settles It Numbers 22:1-6; 23:16-20

“The anointing you dilute is the breakthrough you delay.” – Pastor Roy Barrett

A word’s impact is realized on who said it to us.

God’s word is only unsettled on earth (in our hearts).

“All growth isn’t good growth.” – Pastor Roy Barrett

Some look for shortcuts and call it growth and blessings. This is not the way God wants us to grow.

Three Truths that Postures Us for Growth

God is Different

- God is uniquely different from anything
- God is Holy

“The further we separate God from people in our hearts, the easier it is to be settled by His promises.” – Pastor Roy Barrett

We must place more value on God’s word than anyone else’s word.

God Has Decided

- God already knows when He will bless you.
- God has factored in everything you have done, and He still blesses you. He has decided!

“God will honor His word wherever His word is honored with trust and obedience.” – Pastor Roy Barrett

God Can't Change

- It's not that God won't change; God can't change.

“The smallest change to God's substance disqualifies Him.” – Pastor Roy Barrett

- God can't change His identity – who God is, is who God has always been and will always be. God is consistent!
- God can't change His authority – His rights are absolute. God never has to apologize.
- God can't change His competency – He can't change how big He is. Nothing can make God lesser than God.
