

Stop Wasting My Time

Joshua 2:8-11; Numbers 14:1-4; 6-9

Time is a non-renewable resource; once it is spent, it's gone! This makes time especially precious when you understand how valuable it truly is.

All types of things can waste our time, relationships, jobs, situationships, and everything in between. That's why the scriptures teach us to number our days (Psalms 90:12)

NOW is the time for us to move forward into what God has called us to do. With that in mind, we must be willing to tell anything and anyone, EVEN SAY TO OURSELVES to STOP wasting our time as it relates to what God is calling us to do in our lives for HIM.

"Time is a precious resource." – Pastor Kenneth Bryant

Israel's fears cost them 40 years of what God had already prepared for them. They engaged in a cycle that ultimately led to God responding in judgement against His own people. Israel was wasting time:

Complaining (Numbers 14:1-3 (NKJV))

You will know you are out of the will of God when you start complaining.

Rebelling (Numbers 14:4 (NKJV))

You want to do what you want to do. That is a waste of time.

"So now we want to go backwards because we don't like the way God is trying to lead us forward." – Pastor Kenneth Bryant

Learn to fight for what God wants for you!

Doubting (Numbers 14:6-9 (NKJV))

"Sometimes you have to have a different spirit." – Pastor Kenneth Bryant

- When we act on fear instead of faith, we waste time on problems that don't exist.
- The enemy had more faith than the people of Israel.
- The opposition always comes against us, because God's word will never fail.
- Reconnaissance became Confirmation (Vs. 9-10)
- The Enemy Combatant becomes a Convert (Vs. 11)
- The Conquest becomes a Coronation (Vs.11)

God's sovereignty works even through our delays. If God can work through our delays, imagine what He'll do when we align with His timing!
