THREE PILLARS OF A SUCCESSFUL BUSINESS

Even as a young person, work on your business.

Your business will not necessarily make money when you start.

Work while friends are out playing.

How to Honor God in Your Business

Does not only happen on Sunday morning.

Integrate your faith into every decision you make.

“When you honor God in your business you are submitting your plans to Him.” – Dr. Gregory B. Levett

Run your business with integrity.

Be a blessing to others (not just your family and friends).

“When God bless us, we want to bless others.” – Dr. Gregory B. Levett

Put people before profits. (Matthew 6:23)

How to Believe in Yourself

“You are capable, you are talented, you are worthy...” – Dr. Gregory B. Levett

Biggest enemy of entrepreneurship is self-doubt.

Don't compare yourself to anyone else.

“Cultivate humility alongside your belief.” - Dr. Gregory B. Levett

How Important it is to Plan

“Faith without planning is dead.” – Dr. Gregory B. Levett

Jump into your business with hard work.

“Planning is not the opposite of faith, planning is the evidence of faith.” – Dr. Gregory B. Levett

Write out your business plan. Keep it simple.

Understand finances. Track every dollar taken in and going out.

Know marketing.

Strategic planning: where do you want to be in 1 year, 5 years, 10 years?

Personal development is key! Gain knowledge whenever possible.

Plan your work and work your plan.

“Put God first and people second.” – Dr. Gregory B. Levett

BELIEVE IN YOURSELF!
