## **I HAVE A CRITICAL UPDATE Luke 24:13-35**

A critical update is not a routine improvement and is not optional.

We are supported.

God thinks that ALL are important.

Have you expected God to come through a certain way and He didn't come through?

"...let God do the Godding." – Pastor Kenneth Bryant

As the men continued to talk with the risen Christ, they began to understand what Jesus had told them.

"It's one thing to read the scriptures, it's another thing to understand the scriptures." – Pastor Kenneth Bryant

The Bible is the only book obsessed with fulfilling itself.

What is in the Bible WILL come to pass.

The men's direction had been changed after their encounter with Jesus.

Are you headed in a new direction?
